

Friends in the Water

Don Monopoli

© 1999 Sift and Splash

Let's all make some friends with the fish like we ought to.

We'll pretend our hands are fish in the water.

Swim around in pools and we'll dive to the bottom.

We'll shake fins with a friend when we can.

Let's all make some friends with the sharks like we ought to.

We'll pretend our hands are sharks in the water.

Swim around in pools and we'll dive to the bottom.

We'll shake fins with a friend when we can.

Chorus:

We'll make friends as we swim.

Making friends through thick and thin.

If it's water that we're in, we'll be with friends.

Additional Verses:

Replace underlined words to create new verses:

whales/fins

dolphins/fins

ducks/wings

frogs/legs

crabs/claws

lobster/claws

turtles/legs

🎵 My Brother, the Whale

Ronno

Lyrics by Judy Millar, Liz Jones-Twomey, Ron Hiller/RONNO, Pam Schiller

© Song Support SOCAN

Chorus:

My brother, the whale
My sister, the tree
You are a part of my family.
What happens to you,
Happens to me.
I will look after you.

I sing to you, each living thing
Animal, plant and tree.
This is a song for all of you.
This is a song for me.
Repeat chorus.

Some of us need to spread our wings.
Some need the deep blue sea.
All of us need a healthy home.
We're a community.
Repeat chorus.

All living things, you make my world
A beautiful place to be.
I know that I depend on you.
You can depend on me.
Repeat chorus.

Baby Shark

Stephen Fite

Baby Shark, do, do, do, do, doo, doo
Baby Shark, do, do, do, do, doo, doo
Baby Shark, do, do, do, do, doo, doo
Baby Shark, do, do, do, do, do.

(open and close thumb and fingers in rhythm)

Other Verses (repeat each line four times):

Mama Shark, do, do, do, do, doo, doo

(join arms at the elbow and open and close them)

Daddy Shark, do, do, do, do, doo, doo

(open and close both arms without joining at the elbow)

Grandpa Shark, do, do, do, do, doo, doo

(make both arms crooked and curl hands in as if he has no teeth)

Took a swim, do, do, do, do, doo, doo...

(place both hands on your head to make a fin)

Here it comes, do, do, do, do, doo, doo...

Swim fast, do, do, do, do, doo, doo...

(wiggle fast)

Swim faster, do, do, do, do, doo, doo...

(wiggle faster)

Oh, it's only...

Baby Shark, nibble, nibble, nibble, nibble.
Baby Shark, nibble, nibble, nibble, nibble.
Baby Shark, nibble, nibble, nibble, nibble.
Baby Shark, nibble, nibble, nibble, nibble.

(open and close thumb and fingers in rhythm)

The Silly Seal Slide

Ronno

Lyrics by Judy Millar, Liz Jones-Twomey, Ron Hiller/RONNO, Pam Schiller
© Song Support SOCAN

The mammals known as seals
Move in a silly way
By sliding on their bellies
Let's be seals for a day!

Yeah, start off on your belly
Then push up on your hands.
They're kind of like seal flippers
Your legs stay on the land.

Let's head toward the water
Bouncing as we go.
Our flippers move us forward
Not too fast, and not too slow.

Chorus:

Yeah, do the silly seal slide.
Sometimes you bounce, sometimes you glide.
All that matters is you tried.
Yeah, do the silly seal slide.

We made it to the water
And now we start to swim.
Our feet are also flippers
Like us, seals have four limbs.

The flippers at our sides
Help us twist and turn real nice!
We pop out of the water
And plop down upon the ice.

Chorus:

Yeah, do the silly seal slide.
Sometimes you bounce, sometimes you glide.
All that matters is you tried.
Yeah, do the silly seal slide.

See Ya Later Alligator

Stephen Fite

We need some fun new words to say
Each time we go our separate ways.
I'm getting bored with "goodbye."
"Hope to see you soon."
I found a real cool phrase
We can sing to a rock 'n roll tune.

See ya later alligator
After while crocodile.
Every time I hear those words
I'm gonna smile for a while.
See ya later alligator
After while crocodile
So long, farewell, bye-bye.
