

POST-ASSESSMENT

NAME _____

Item	Cost	Item	Cost
Notebook Paper	\$1.00	Eraser	\$0.10
Folder	\$0.50	Book Cover	\$0.25
Pencil	\$0.15	Ruler	\$0.30
Blue or Black Pen	\$0.85	Stickers	\$0.05

1. Mary has two one-dollar bills, two quarters, three dimes, two nickels and four pennies.

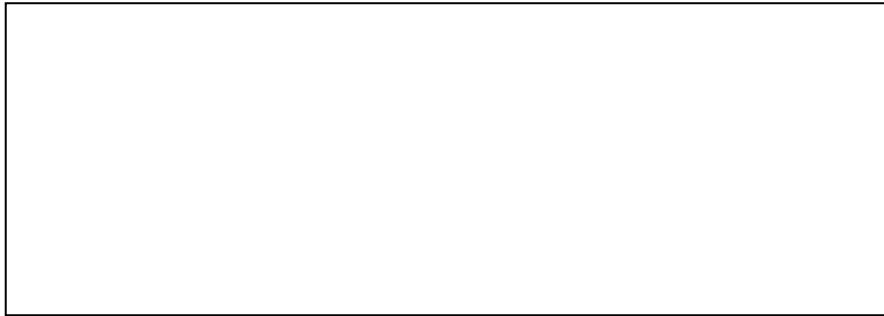

a. How much money does Mary have?

b. Mary wants to buy three or four items from the list. Select and name the items, their cost and the total cost.

c. Show the bills and coins Mary could use to pay for her items. How much change should she receive? Explain your answer.

2. Wes needs to buy notebook paper, a pen, a pencil and a ruler. He has a five-dollar bill. What coins and bills could Wes receive as change?

3. a. Show a combination of coins and bills with a total value of \$7.19.

b. Show what coins and bills need to be added to make a total of \$10.00.

\$7.19		amount to be added		
	+		=	\$10.00
