

Sample Student Work B

Pre-Assessment:

- Pose open-ended problems to students that enable them to demonstrate their ability and knowledge in making and counting change, as well as estimating problem solutions.

1. Alex paid for his lunch with a ten-dollar bill. His lunch bill was \$3.17.

Show the change Alex should receive. Show your work and explain the strategies you used.

$$\begin{array}{r} \$10 \\ - \$3.17 \\ \hline \$ 7.10 \end{array}$$
